

University of Maryland, Baltimore Police Department
2023-2026 STRATEGIC PLAN

MESSAGE FROM THE CHIEF

At the University of Maryland, Baltimore Police Department (UMBPD), our focus is the safety of our community and the culture of our organization. That culture starts with our UMB Core Values and Administration and Finance Guiding Principles (*see page 3*). As your chief, I strive each day to weave these values into the very fabric of our organization.

These values are at the heart of all we do. We have won state, national, and even international awards for our progressive, community-oriented approach to policing. Awards are great, but we're not done. We can always do better.

In this document, you will find our strategic initiatives for the next three years at the UMBPD. These initiatives are based on the six pillars of 21st Century Policing, which focuses on establishing and growing positive relationships between police departments and the communities we serve. Everything in this document, and everything we do, is in service of our department's goals: the safety of our community and the culture of our organization. With this focus in mind, we look forward to the next three years of building an even happier, healthier, and safer UMB.

Sincerely,

Thomas Leone, MSL
